Joining CPA Network

CPA marketing is probably one of the easiest ways to make money on the internet. CPA stands for Cost Per Action. Basically it's like affiliating products but different in that you are getting paid for every action or lead you generate rather than every sale you generate.

A lead might consist of getting somebody to enter their zip code or email address or more complete information like address, phone, income and education levels, etc. Leads/actions convert at a much higher rate than product sales. So, if the visitor enter their email – you getting paid from \$1.20 to \$1.60! No purchase is required.

[PeerFly](#) is very serious about approving new publishers to their network. Over the years they became one of the most respected CPA Networks with 50 to 100 new publishers joining them every day.

The secret of getting in to the CPA network is simple:

1. Provide real information.
2. Be honest.
3. Fill in as much information as you can (the more the better)
4. CPA Networks likes paid traffic, so be sure to mention one of the paid methods (even if you are not using any of it at the moment): ppv, adwords ppc, facebook ppc, pof or media buying.
5. If you have been asked to provide your website address – go and create a free blog on [blogger.com](#) or [wordpress.com](#) and write a few articles on your favorite niche/hobby. If you have a web page already, great! Any website will do the work.

NOTE: It may take a week or two for them to review your application. As I mentioned before – hundreds of new publishers joining them every day.

Thank you for fully verifying your account information, rest assured that your information is safe with us and we will never redistribute or sell it, [EVER](#).

Currently, **1,868** applications are ahead of you in the queue. We generally go through 75-100 applications a day. You will receive an e-mail regarding our decision after we review your application. Please **do not contact us** and try to expedite the review process because that will only slow things down.

While you wait, make sure to check out our [frequently asked questions](#), read our [blog](#), follow us on [Twitter](#) and [Facebook](#).

We look forward to doing business with you!

Regards,
The PeerFly Team

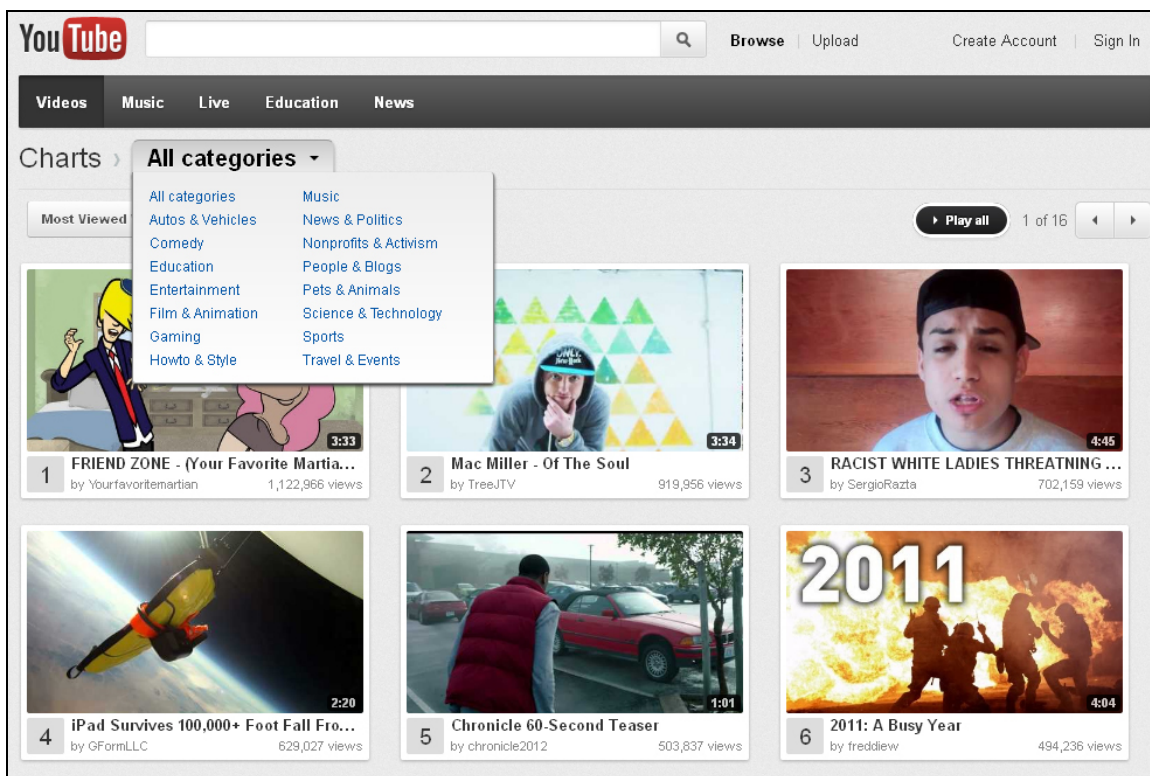

Do NOT send them emails regarding faster approval, that will only SLOW THINGS DOWN. Just submit and wait.

Youtube Viral Cash Method

Welcome back! I hope you have been approved by now! Let's get straight to the method.

Now, this method is nothing new, but it's proven to work again and again + you can start seeing money rolling in almost the same minute you implement this method. Let's get started:

Step 1 - visit YouTube's Most Watched Videos by [clicking here](#).

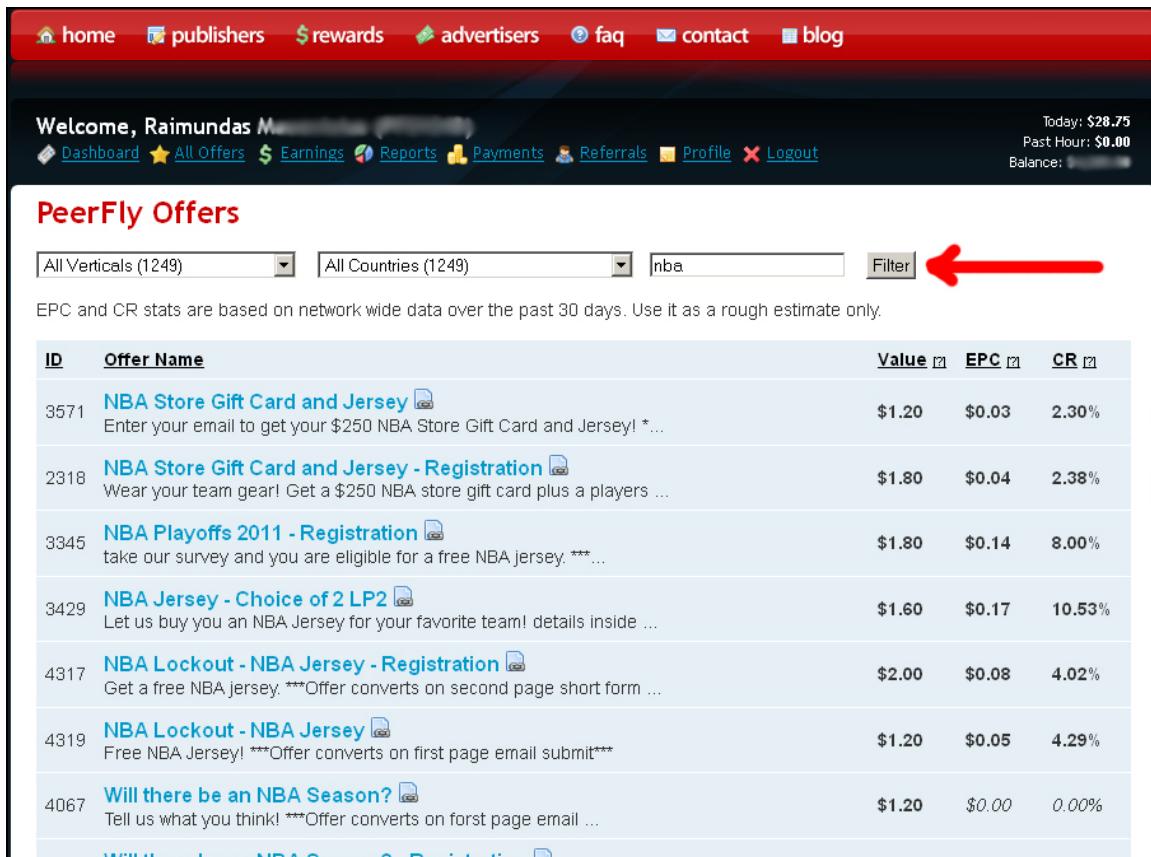

These are trending/popular videos that are being watched millions of times right at this moment when you are reading this report!

Step 2 – download those videos to your computer using KeepVid.com

TIP: To take a full advantage of this method, I recommend you to download all top videos from all different categories.

Finding the right CPA offer

Our work now is to find similar/relevant offer to the video. For example: if the video is about NBA, go ahead and search for NBA offers on PeerFly:

The screenshot shows the PeerFly website interface. At the top is a navigation bar with links: home, publishers, rewards, advertisers, faq, contact, and blog. Below this is a user dashboard for 'Raimundas M.' with links to Dashboard, All Offers, Earnings, Reports, Payments, Referrals, Profile, and Logout. On the right, it shows today's earnings of \$28.75, past hour earnings of \$0.00, and a balance. The main section is titled 'PeerFly Offers'. It has three dropdown menus: 'All Verticals (1249)', 'All Countries (1249)', and a search box containing 'nba'. A 'Filter' button is next to the search box, with a red arrow pointing to it. Below the filters, a note states: 'EPC and CR stats are based on network wide data over the past 30 days. Use it as a rough estimate only.' A table of offers follows, with columns for ID, Offer Name, Value, EPC, and CR. The offers are all related to NBA merchandise and registration.

ID	Offer Name	Value	EPC	CR
3571	NBA Store Gift Card and Jersey Enter your email to get your \$250 NBA Store Gift Card and Jersey! *...	\$1.20	\$0.03	2.30%

4067	Will there be an NBA Season? Tell us what you think! ***Offer converts on first page email ...	\$1.20	\$0.00	0.00%

As you have already guessed, we will be uploading videos that we downloaded and putting relevant CPA offers in the description box 😊

NOTE: It's very important to cloak your cpa links for two reasons:

1. PeerFly don't like their naked links to be posted on YouTube.
2. This will help to increase your click through rate.

Go to <http://tiny.cc/> to cloak/shorten your CPA links.

SUPER TIP: To look more professional, go and buy cheap .info domain on [HostGator Hosting](#) and redirect the domain to your CPA offer link using [meta refresh code](#).

Uploading videos back to YouTube

Now when we have a video and related cpa offer link it's time to upload our video back to YouTube and start making money!

Step 1 - Login to your Youtube account.

Step 2 – Hit upload video.

Step 3 - Slightly change the Title by adding [MUST SEE!], [OMG!] or any other emotional tags in front of the original title. This will get you more views.

Step 4 - put your link in the description box.

Step 5 – Use the same tags from the original video + add some more relevant tags.

Step 6 – Select the category and click save!

That's it! The next thing that you need to do is to create some backlinks to your YouTube video (for better Google rankings). Start by posting your video link on [facebook](#), [twitter](#), [myspace](#), social bookmarkings sites ([digg](#), [delicious](#), [stumbleupon](#) and etc.). These videos are already viral, so it won't take long to start seeing views.

To get the best results from this system, as every other method requires QUANTITY. It's best to upload as much trending videos as possible. More videos = More views = More clicks = More leads = MORE MONEY!

Repeat this every day and you will have hundreds of videos attracting thousands of viewers every single day.

SUPER TIP: You can easily outsource the whole process by giving the step by step instructions to your outsourcers. Now go and TAKE ACTION!
